Dear Harold:

My apologies for my typewriter ribbon running ou

To reiterate what we discussed by telephone this afternoon, Nancy Kenish, manager of B. Dalto at 520 S. State Street in Westerville (43081), calle Carroll and Graf this afternoon before 2:30 and inquired about the release day of Never Again. The girl who answered said that it was just another name for Whitewash, which has alread been published. When Nancy questioned that, she was put on hold while the girl checked with a superior. She came back and repeate that Never Again was just another title for Whitewash.

Nancy will call again tomorrow and confront C & G with the fact that Case Open lists selections from Whitewash but also separatel mentions Never Again in the text as a future release.

I went back to B. Dalton after I talked with you and Nancy confirmed the origina phone call described above.
